In 2024, the Legislative Council fulfilled its constitutional duty to enact local legislation under Article 23 of the Basic Law. It also passed a number of bills and funding applications that benefitted people's livelihood and economic development, contributing to Hong Kong's prosperity and stability.

## Powers and Functions

Under the Basic Law, the Legislative Council of the Hong Kong Special Administrative Region (HKSAR) shall exercise the following powers and functions:

The committee shall carry out the investigation and report its findings to the Legislative Council. If the committee considers the evidence sufficient to substantiate such charges, the Legislative Council may pass a motion of impeachment by a two-thirds majority of all its members and report it to the Central People's Government for decision; and
- to summon, as required when exercising the above-mentioned powers and functions, persons concerned to testify or give evidence.

<sup>1</sup> As of 31 December 2024, the council had one vacant membership.

## Council Meetings

The Legislative Council normally meets on Wednesdays. The business at its regular meetings includes introducing and considering bills and proposed resolutions; tabling subsidiary legislation, papers and reports for the council's consideration; asking questions on the government's work; and debating motions concerning matters of public interest. All council meetings are open to the public. Members may address the council in Cantonese, English or Putonghua. The public can listen in any of these three languages in simultaneous interpretation and also watch the simultaneous sign language interpretation. The proceedings are recorded verbatim in the Official Record of Proceedings of the Legislative Council.

During the 2024 legislative session from January to December, the council held 36 meetings, including three Chief Executive's question and answer sessions/interactive exchange question and answer sessions. Members asked 156 oral questions on the government's work with 953 supplementary questions, and another 501 written questions. The council passed 35 bills. It also passed 13 motions moved by the government under the positive vetting procedure to seek the council's approval to either make or amend subsidiary legislation. On subsidiary legislation subject to the negative vetting procedure, the council finished scrutinising seven items which were tabled in 2023, and also 143 out of 164 items tabled in 2024, with the remaining 21 items to be scrutinised in 2025.

## Committees

### *Finance Committee*

The Finance Committee consists of no fewer than 50 members except the President of the Legislative Council, with its Chairman and Deputy Chairman elected from among its members. The committee is responsible for scrutinising and approving public expenditure proposals put forward by the government as well as examining the annual Estimates of Expenditure presented by the Financial Secretary to the council during proceedings relating to the Appropriation Bill.

The Finance Committee appoints two subcommittees, the Establishment Subcommittee and Public Works Subcommittee, whose memberships are no fewer than 15 including the Chairman.

### ***Public Accounts Committee***

The Public Accounts Committee considers the Director of Audit's reports on the accounts and the results of value-for-money audits of the government and other organisations that are within the purview of public audit. It may invite government officials, representatives of public organisations or any other persons to attend public hearings to give explanation, evidence or information. The committee's seven members are appointed by the President of the Legislative Council according to an election procedure determined by the House Committee.

In 2024, the committee held 10 public hearings and nine closed meetings to examine the Director of Audit's report on the government's accounts for the year ended 31 March 2023 as well as his Report Nos 81, 82 and 83 on the results of value-for-money audits. The committee gave its observations, conclusions and recommendations in its Report Nos 81 and 82, which were tabled in the council on 21 February and 17 July 2024. As at the end of the year, the committee was still examining the Director of Audit's report on the government's accounts for the year ended 31 March 2024 and his Report No 83 on the results of value-for-money audits, and will table its report in the council in February 2025.

### ***Committee on Members' Interests***

The Committee on Members' Interests consists of seven members who are appointed by the President of the Legislative Council according to an election procedure determined by the House Committee. It considers complaints made in relation to council members' registration and declaration of interests, and members' claims for the reimbursement of operating expenses or applications for advances of operating funds. It also examines arrangements for the compilation, maintenance and accessibility of the Register of Members' Interests, considers matters of ethics related to members' conduct, and gives advice and issues guidelines on such matters. In 2024, the committee received three complaints and handled them in accordance with the Procedure of the Committee on Members' Interests for Handling Complaints.

### ***Committee on Rules of Procedure***

The Committee on Rules of Procedure reviews the council's rules and the committee system, and proposes changes to the council. Its 12 members are appointed by the President of the Legislative Council according to an election procedure determined by the House Committee. In 2024, the committee considered and endorsed the Legislative Council Secretariat's proposed follow-up work in relation to the Department of Justice's proposals to make formatting amendments to the Rules of Procedure of the Legislative Council of the HKSAR. The amendments were published on Hong Kong e-Legislation on 7 November.

### ***Committee on Access to the Legislature's Documents and Records***

The Committee on Access to the Legislature's Documents and Records determines whether a document or record should be released for access earlier than the expiry of the closure period specified in the Policy on Access to the Legislature's Documents and Records. The committee also sets guidelines on implementing the policy, considers any objection against the denial of

access to a document or record by the Clerk to the Legislative Council, and considers any other matters relating to the policy.

In 2024, the committee approved eight requests to disclose 28 documents and records. The Clerk to the Legislative Council conducted reviews on closed documents and records in existence for more than 25 years, and approved the disclosure of 65 documents and records. Lists of disclosed documents and records are uploaded onto the council's website.

### ***House Committee***

The House Committee consists of no fewer than 50 members except the President of the Legislative Council, with its Chairman and Deputy Chairman elected from among its members. The committee normally meets on Friday afternoons. It deals with matters related to the work of the council and prepares for council meetings. It also decides whether bills committees or subcommittees should be formed to scrutinise bills and subsidiary legislation. In 2024, the committee held 30 meetings.

### ***Bills Committees***

A bills committee may be formed by the House Committee to scrutinise a bill. It consists of no fewer than three members and not more than 15 members including the Chairman. A bills committee considers the general merits and principles as well as the detailed provisions of the bill allocated to it, and may also consider amendments to the bill. It usually tables a report in the council and is dissolved on the passage of the bill or when the House Committee so decides. In 2024, the House Committee set up 27 bills committees to study 26 government bills and one member's bill.

### ***Subcommittees on Subsidiary Legislation***

In 2024, the House Committee formed 10 subcommittees to study 22 items of subsidiary legislation and three proposed resolutions presented by the government for the council's approval.

### ***Other Subcommittees***

The House Committee may also appoint subcommittees to consider policy issues and any other council-related matters. In 2024, three subcommittees on policy issues completed work that had been carried over from the previous year. Six subcommittees were activated and one was reactivated, all of which will continue their work in 2025. One subcommittee was on the waiting list for activation. Meanwhile, one subcommittee on other council-related matters completed their work.

### ***Panels***

The council has 18 panels for members to deliberate on policy matters and study issues of public concern. These panels also give views on major legislative and financial proposals before their introduction into the Legislative Council or its Finance Committee, and examine relevant policy matters. Panels may appoint subcommittees or joint subcommittees to study specific issues. In 2024, six such subcommittees completed work, while three were activated and still operational by the end of the legislative session. Two were on a waiting list for activation.

## **Legislative Council Commission and Legislative Council Secretariat**

The Legislative Council Commission is a 13-member independent statutory body chaired by the President of the Legislative Council. Its main function is to provide administrative support and services to the council through the Legislative Council Secretariat. It supervises the operation of the secretariat and employs the secretariat's staff. It also determines the organisation and administration of support services and facilities.

The secretariat is headed by the Secretary General. Its mission is to provide the council and its committees with professional and efficient support and services, enhance public understanding of the council's work and ensure the effective operation of its redress system.

## **Redress System**

The council operates a system which enables members of the public to seek help for redress of grievances resulting from government actions or policies. The redress system also deals with public representations on government policies and legislation as well as other matters of public concern. Members take turns, in groups of nine, to be on duty each week to oversee the redress system and to receive representations and complaints made by deputations. They also take turns to be on 'ward duty' at the Public Complaints Office during their duty week to meet with members of the public and to provide guidance to staff on the processing of cases received under the redress system.
